### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 1, 2010, has been entered.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-5, 7, 10-19, 20, 22, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, at lines 3-4, Claim 20, at lines 3-4, and Claim 22, at lines 3-4, recite "applying a surfactant composition consisting of a first surfactant and a solvent on the resist pattern to be thickened". Applicant introduced the transitional phrase "consisting of" that precludes any other elements or constituents to be present in the surfactant composition other than that which is claimed in claim 1, claim 20, and claim 22. However, the recitation that the surfactant composition consisting of a first surfactant implies that applicant includes other constituents such as a second surfactant as evidenced by claim 7 i.e., Applicant is claiming two surfactants and not adhering to the newly introduced transitional phrase. Applicant is required to either add the second

Art Unit: 1722

surfactant in the independent claim or cancel "the first surfactant" or remove the transitional phrase. It is therefore not clear as what surfactant composition is being applied on the resist pattern to thicken the resist pattern i.e., whether the surfactant composition includes two or more surfactants along with the solvent or whether the surfactant composition has only one surfactant and a solvent. Appropriated correction is required.

### ***Response to Arguments***

4. Applicant's arguments, see Amendment, and Remarks, filed October 29, 2010, with respect to claims 1, 20, and 22, have been fully considered and are persuasive. The 35 U.S.C. 103(a) rejection of claims 1-5, 7, 10-20, 22, has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made over claims 1-5, 7, 10-19, 20, 22. See paragraph no. 3, above.
